

Who We Are

AFFLINK has been a leader in the Facilities Maintenance industry for more than 40 years, delivering process and procurement solutions to businesses representing nearly every market segment. By connecting over 700 independent distribution experts throughout North America, AFFLINK is just as our name suggests – that critical ‘link’ offering customers innovative products, market expertise and the size and scale needed to drive total-cost savings.

With AFFLINK, our GSA customers get the best of both worlds – quality products at an everyday best value and through the combined knowledge and power of our distribution partners, the intimacy, flexibility and responsibility of local distribution on a national scale.
